Letter no. 390 dated the 25th Feb: 02 from the President of the Distt. Board Hassan Distt.

In Govt. Pro. no. 18201-9 L.7.344-98 dated the 30th June 1903, the Presidents of the several Distt. and Municipal Boards were informed that the Government would be glad to entertain proposals for the employment of the candidates passed out of the Indigenous Hospital at Mysore, in case any of the Boards deem it to employ them, provided in a position to find money for the purpose

2. The matter was accordingly placed before the Distt: Board of ~~Chennapatna~~ Hassan and the Municipal Board of the ~~Chennapatna~~ Hassan town. The Distt: Board ~~have~~ resolved that two or three Native dispensaries might be temporarily established in the District, provision for this cost being made out of District and Municipal Funds as in the case of L. F. dispensaries. The Municipal Board of ~~Chennapatna~~ Hassan on the other hand, found no necessity for a Native dispensary at head quarters. They, however, resolved that such dispensaries might be located in places which are now visited by Hospital Assistants once a week, such as Grama of Harnahalli, the inhabitants of which do not—

derive much benefit by the
casual visits of the Hospital
Assistants once in a week

3. In submitting copies of
the above resolutions the Presid-
ent requests sanction to the
establishment of 3 dispensaries
at Grama Karnahalli and
Palya or some other populous village
in the Alur Sub-Taluk Hunta-
sively for a period of 2 years,
and suggests that the cost
may be met from the Dist: Funds
and ~~Local Funds General~~ the Medical Budget in
equal proportions, as the ~~cost~~ pay of
~~depot~~ Hospital assistants deputed to a
visit places periodically
is met from that latter
Budget.

4. He has suggested a
salary of Rs 15 + 5 for a
Pandit in Malnad and Rs 15/-
for one in Maidan It has
been ascertained, in another con-
nection, from the Pandit of
the Indigenous Hospital at Mysore

1/- A

that the initial cost of a
rabies dispensary will be Rs 15/-
and that the monthly expenditure
will be Rs 20/- as noted in the
margin. The President adds that if his proposal is sanctioned, the provision for the charge will be made in the next year's Distt: Budget so that the workings of the said institutions may be tried experimentally for a period of two years from 1st July 1904

5. Rabies for orders. The closing balance at the credit of the Hassan Distt. Board is estimated in the current year's Budget at Rs 15,698/- which is less than the prescribed working balance (a fourth of the income) by Rs 1,798/-

Dy. 4/3/04

6. The Indigenous Hospitals is an institution which should

entirely be maintained from District or Municipal Funds. The Dr Commrs argument that because Hospital Assistants are deputed to inspect periodically places in which ~~[illegible]~~ endemic Hospitals are proposed to be established, ~~[illegible]~~ half the cost of such institutions should be paid from Provincial Funds does not appear to be sound. If approved, the Dr Commissioners may be informed that unless the District Board is prepared to meet the entire cost of the institutions, Government are not prepared to sanction their establishment.

Sir,

With reference to Government Proceedings No. 18301-9 / L.F. 344-96 dated 30th June last stating that Government will be glad to entertain proposals for the employment of the candidates that passed out from the Medical Hospital at Mysore, I have the honor to state that the Hassan

Hassan Municipal Board did not approve of the question of establishing native dispensaries at the District Head quarters where medical aid was not felt to be wanting. The members of the District Board, on the other hand resolved that native dispensaries may be established temporarily in two or three places in the District provision for their cost being made in District Fund and Municipal Budget as in the case of Local Fund dispensaries. Copies of the resolutions of the Hassan Municipal Board and of the District Board are herewith submitted for favor of reference.

In

In establishing native dispen-
saries, I concur with the Hassan
Municipal Board in the opinion
that such institutions may be tried
as an experiment in places which
are now visited by Hospital As-
sistants once a week such as
Hanumahally, Gyrama &c

I therefore request that Govern-
ment sanction may be obtained
for opening native dispensaries at
Hanumahally and Gyrama tentatively
for a period of two years.

I beg also to suggest that one
may be located at Paliya or some
other populous village in the Alur
Sub-Taluk for the benefit of the
villagers of Paliya Hobli who suffer
much from the effects of climate.

Vadivi Pandiki
Ex malwad Rs 15+ 5 allowance
Do ... Rs 15/-

As to the cost of these institutions I beg to add that an establishment for each of the dispensaries as noted in the margin will be necessary with a lump sum provision of Rs. 120/- for the cost of the medicines for each dispensary. The total cost will have to be debited exclusively to District Funds as Grama and Nawahally cease to be municipalities and became at the end of June 1904, Unions according to the Rules under the Local Board Regulation II of 1902. The District Funds of this District are, as has been often represented to Government, not in such a condition as to admit of any heavy strain on the resources.

of the District Boards.

resources, I beg, therefore, to recommend to Government that ~~—~~ half the cost of the dispensaries may be debited to District Funds, the other half being paid out of the Medical Budget, in as much as the cost of despatching the Hospital Assistants periodically to places out side the Talak Head quarters is now being charged to that source on receipt of the orders of Government regarding any proposal to establish rural dispensaries in ~~the~~ three places referred to above, needful provision will be made in the Budgets, so that the working of these institutions may be tried experimentally for a period of two years

years from 1st July 1904, the usefulness of such dispensaries being judged by the results achieved during that period.

The Board is of opinion that two dispensaries may be established temporarily - one at Srama and the other at Harnahalli; a dispensary at Palya being considered unnecessary for the present in view of the low finances of the District Board as suggested by Government.

In concurring with the resolution, I beg to state that in accordance therewith, provision has been made for two dispensaries or indigenous hospitals at Srama and Harnahalli as detailed in the margin.

Cost of establishment for each dispensary at Rs 28/- per month 28 × 2 × 12 = " 672/-

Initial Cost for each dispensary at Rs 15/- . . . . . Rs 30/-

In the course of discussion of the subject at the meeting the opinion of members was divided, some of them having urged the necessity of establishing indigenous Hospitals while

Under the circumstances represented above, I request that the provision of Rs 702 - in the ensuing year's District Fund Budget under the head "III Hospitals and dispensaries" may be provisionally sanctioned. On receipt of information from the Taluk Boards I shall address another communication to Government with my views in the matter.

The Taluk Boards concerned, after consulting the Union Panchayets of Gyana and Karnahally, submitted their resolutions for the consideration of the District Board. The subject of establishing Vaidyasalas at Karnahally & Gyana were finally disposed of at the meetings of the District Board held on 12th August and 26th September/04, respectively. Copies of the Boards resolutions on the subject passed at these meetings are hereunto submitted for reference.

In this connection, I beg to state that the general trend of opinion of the village population appears to be in favor of indigenous medical institutions (Vaidyasalas) though with the

advance

a distance of time they may appreciate better the benefits of the western system of medicine & surgery. Besides an institution such as an indigenous hospital is a novel one and the result of such institutions may be tried experimentally for a period before anything definite may be asserted as to their usefulness and popularity. Under the circumstances, I request that you will be so good as to obtain the sanction of Government to the establishment of Hydropathic & Homœopathic dispensaries for a period of two years at a total cost as detailed in the margin. The charge in question may be met out of a provision of Rs. 702/- sanctioned

Physician - Two on Rs 15/- each	Rs 30 per month
Coolies Two on Rs 5/- each	10
cost of medicine Rs. 8/-	16
Initial cost for Hydropathic dispensaries Rs 15/- each	30

passed in the current year's District Fund Budget under "III Hospitals and Dispensaries" vide para 8 of Government Proceedings no 773-8 L.B 6-04 dated 29th July 1904.

I beg to add that of the candidates named in Government Proceedings no: 18301-9 L.J. 344-96 dated 30th June/03 I propose to appoint Lakshmi Pandit and Rajappa for these two Vydya-salas as both these students were sent up for training from this District. If either of these candidates have been appointed elsewhere to similar institutions which I understand have been started in other Districts. I propose to appoint M. R. Shamanna whose

whose application addressed to
Government was sent to me for dis-
-posal with Government Official memorandum

General & Revenue Departments

Sir,

With reference to your docket No.
3689 / L.7.344-96 dated 5th November 1904, I have the
honour to state that the subject of esta-
blishing an indigenous Hospital at
Channarayapatna in the Channarayapatna
Taluk in preference to establishing one
at either Grama, Hassan Taluk or Hema-
-vathy in Arsikere Taluk was placed for the
consideration of the District Board at
their

their meeting held on the 14th ultimo and a copy of their resolution is herewith submitted for favor of reference.

2. In expressing my concurrence with the resolution of the Board, I beg to state that the necessity for medical aid at Grama and Hanamahally in preference to any other place has been long felt and accordingly an Hospital Assistant from the Civil Hospital at Harihar visits Grama and the Arsikere Hospital Assistant visits Hanumahalli once a week to afford medical relief to the villagers of the two places and also to those of several neighbouring villages.

3. In this connection, I beg to state that Sahukar Ponnaiya of Gra-

-manahelgola

Sravanabelgola began his address
dated 13th November 1904 offered to pay
a contribution of Rs 1000/- towards the
cost of constructing a building for
a regular Local-Fund Dispensary at
Sravanabelgola, in case Government
is pleased to establish one at the
place. The subject has been re-
ferred for the consideration of the
Union Panchayat of Sravanabelgola
and the resolution of the Taluk Board
of Chennarayapatna in the matter.

4. Another Sahukar Sadasivaiah
of Sravanabelagola who is a member
of the District Board is also said to
have made an offer to defray the
cost of erecting a regular Local
Fund Dispensary [illegible] Fund

wards at that place, provided Government sanction the cost of establishment and medicines. The reference on the subject has also been sent for consideration of the Union Panchayet and resolution of the Taluk Board.

5. In these circumstances, I request that you will be so good as to obtain the sanction of Government to the establishment of indigenous Hospitals at Grama and Harnahally as proposed in my letter No. 238/S dated 1st October 94, the question of establishing a medical examination at Srivanabelagola will be reported on with the District Board resolution on the subject as soon

11 Read Secretary's docket no. 3689 / L. 7344-96 dated 3rd November 1904 requesting to place for the reconsideration of the District Board their proposal to establish indigenous Hospitals at Grama and Kannahally and submit their resolution as to whether the Board would prefer Sravanabelgola to either of the two places above mentioned

Read also letter dated 7th November 1904 from Mr. B. Kesavamurthy intimating that the proposal to establish a Local Fund dispensary at Sravanabelgola is under discussion before the Union Panchayet.

Resolution

Resolution :— The Board recognise the necessity of medical relief to the people at Jaffna and Kamalhalli and resolve that Government be moved to sanction their proposals to establish indigenous Hospitals at those two places, the question of recommending the establishment of a Local Fund dispensary or an indigenous Hospital at Sivasubolgala being deferred on receipt of the resolution of the Union Panchayat through the Chavakacheri Taluk Board, the submission of which may be called for from the President of the Taluk Board.
